# DISCOVER WHO I AM.

Can I see myself here?

The **AHA MOMENT** is different for everyone.  
See how these students found theirs.

A photograph of a laboratory or classroom setting. In the foreground, a woman with long dark hair, wearing a blue long-sleeved shirt, is leaning over a dark table, holding a small green leaf specimen. She is looking down at it with a focused expression. To her left, two young women are seated at the table, looking at the leaf. One has long dark hair and is wearing a grey sweater, while the other has dark hair and is wearing a dark top. In the background, a man with a beard and glasses is seated at a desk, looking through a microscope. The room has large windows on the right side, letting in natural light. Various laboratory equipment, including microscopes and papers, are visible on the desks.

I want to

**LEARN**

in a diverse community  
of scholars.

**Stony Brook has what you want.** Study marine science close to the Atlantic Ocean or mechanical engineering in our College of Engineering and Applied Sciences. Explore our unique programs in journalism, pharmacology and sustainability studies. Indulge your love of literature and history in the Comparative Literary and Cultural Studies program, or learn Japanese in the Department of Asian and Asian American Studies.

I want to

# EXPERIENCE LIFE

outside the classroom.  
Maybe outside the country.  
I want to make every  
moment count.

[THIS PAGE](#): LEARNING CAN TAKE PLACE IN A WILDLIFE PRESERVE; ON MOUNT KILIMANJARO; IN DISCOVERY BAY, JAMAICA; IN ST. PETERSBURG, RUSSIA; AT BROOKHAVEN NATIONAL LAB; AND IN THE NEW YORK STATE SENATE.

**Oh, the places you'll go.** Choose the learning experience that's right for you. Your classroom might be at the foot of a volcano or at the top of Mount Kilimanjaro, in the ABC newsroom or at the Museum of Modern Art, in a wildlife preserve or in the nation's capital. Or work with the world's top scientists at nearby Brookhaven National Laboratory, co-managed by Stony Brook.

[OPPOSITE](#): STUDENTS DOING FIELDWORK AT STONY BROOK'S TURKANA BASIN INSTITUTE IN KENYA.

I want to give  
back, help others,

# IMPROVE THE WORLD.

I want to be a part of change.

**Giving back is a big deal at Stony Brook.** Students work with local fire departments as EMTs, mentor incoming students, work in soup kitchens and shave their heads to fund cancer research.

Every spring dozens of students help rebuild faraway communities through our dynamic Alternative Spring Break Outreach (ASBO) program.

Stony Brook is on the 2014 Presidential Honor Roll for Community Service in Higher Education.

A window with blinds is in the background.

I want time

for myself, for

# LIVING.

That includes eating (sleeping is optional).

**There's room for every-one.** Corridor- and suite-style rooms are available. Our newest residence halls – Nobel Halls – are environmentally friendly and LEED Gold-certified. Specialty living areas, such as Quiet Lifestyle and 24-Hour Quiet Communities, are offered in selected buildings in every one of our six quads.
