

# LIVING ON CAMPUS

AT STONY BROOK  
UNIVERSITY

Stony Brook  
University

# FOCUSED First-Year Experience

As a freshman, you'll live in one of six themed Undergraduate Colleges (UGC):

- » Arts Culture and Humanities
- » Global Studies
- » Human Development
- » Information and Technology Studies
- » Leadership and Service
- » Science and Society

Each UGC provides a strong support and academic advising network to help you settle in, set academic goals and select classes so you can succeed both inside and outside the classroom.

Through each UGC you'll explore a broad academic theme beyond your major through two one-credit seminars, field trips, social events and participation in a group project. Your UGC gives you small-community living within a large university. The freshman retention rate is 90 percent.

Each of your seminars will have fewer than 20 students. Your first-semester seminar will familiarize you with the University, while your second-semester seminar will offer you a unique opportunity

to interact with a faculty member in a course designed around a specific area in which he or she has expertise.

Linked activities such as field trips, guest speakers and social events are integrated into these seminars. The popular Battle of the Undergraduate Colleges runs throughout the academic year and allows your UGC to earn points in categories such as school spirit, community service, and athletic and academic teamwork.

# YOUR HOME ON CAMPUS

## DINING OPTIONS

Many dining locations are within walking distance on campus. There are four food service locations in the residential quads: Roth Food Court and Tabler Café for students living in Roth or Tabler Quads, the brand-new West Side Dining around the corner from Roosevelt and Kelly Quads, and the Stony Brook Union near Mendelsohn and H-Quads. Each has a wide variety of cuisines to satisfy every palate. Options include a Glatt Kosher delicatessen restaurant, Halal cuisine, Mexican, vegan/vegetarian options, barbecue entrees, Asian fusion, sushi, gourmet salads, pizza, pasta, comfort foods, Starbucks, Wendy's, Dunkin' Donuts, smoothies, paninis and wraps. Many dining locations are open extended hours for late-night snacks.

## HIGHLY QUALIFIED STAFF

There are Quad Directors, Residence Hall Directors and administrative offices within each quad. Each Residence Hall is supervised by a full-time, live-in professional Residence Hall Director who is available daily for guidance on academic and interpersonal issues. Student Resident Assistants supervise living units, coordinate social and educational programs, ensure safety and act as resources for students. The student-to-staff ratio is 36:1 — comparable to or better than similar institutions.

## SAFETY AND SECURITY

Your personal safety is our priority.

- » SB Alert! is a comprehensive emergency notification system used to alert members of the campus community about impending safety situations.
- » The more than 100 blue light phones around campus provide an immediate direct connection to University Police, 24 hours a day, seven days a week
- » SB Guardian is a “personal blue light phone” in your pocket. The two features, panic call and the precautionary timer, significantly enhance the safety of all students, faculty and staff.
- » The Residential Safety Service provides a presence at the main entrance of every Residence Hall at night.
- » Residence hall exterior doors are always locked; residents swipe their ID cards to access most residential buildings.
- » Walking escorts are available from any point on campus at night.
- » Our University Police Department is a fully accredited police agency. University Police patrol the campus 24 hours a day and close it to unauthorized persons at midnight.
- » Personal safety education programs are offered to students throughout the academic year.

## CAMPUS RESIDENCES\*

All new freshmen are guaranteed housing provided the tuition/housing deposit is received and their new student preferences are submitted online by May 1 for the fall semester and December 15 for the spring semester.

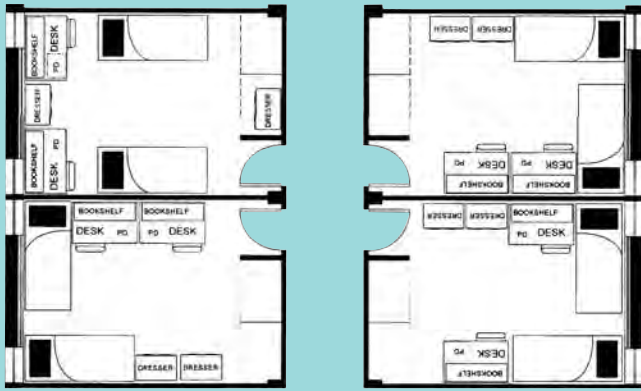

All new transfers will be assigned campus housing on a space-available basis. Students who wish to live off campus should contact our off-campus housing office for assistance.

Living on campus is a very popular option. To offer as many students as possible the experience of our residential learning environment, strategies that include assigning three students to a double room and other temporary housing may be utilized.

Specialty living areas, such as 24-Hour Quiet Communities, gender-inclusive housing and alcohol/tobacco-free areas, are offered in selected buildings in every quad.
