FALL 2014

.....

EXPLORE OUR CAMPUS ONLINE AT
stonybrook.edu/admissions

YOU'VE BEEN ACCEPTED

WELCOME to the Fall 2014 incoming class at Stony Brook University, where you will join a select group of students as bright and promising as you. This wonderful achievement is just the first of many you will enjoy when you become part of our great community.

Here, along with other students admitted through our Educational Opportunity/Advancement on Individual Merit (EOP/AIM) Program, you will learn from professors who are leaders in their fields. There is no limit to what you can accomplish.

You have already shown us you have what it takes to be a Stony Brook student. Now take the first steps to reserve your place in our incoming EOP/AIM class.

We look forward to your arrival on campus.

Stony Brook
University

YOUR FIRST STEPS

1. GO TO *stonybrook.edu/newstudent*

Log on to Stony Brook's secure SOLAR System with your Stony Brook ID number and password, printed on the upper right of your enclosed letter of admission.

2. ACCEPT OR DECLINE OUR OFFER OF ADMISSION

Your acceptance of our offer of admission must be submitted in the SOLAR System no later than May 1 (or the due date indicated in your letter of admission). To secure your place in our incoming class, click on EOP/AIM Accept/Decline and accept our offer. You are not required to pay tuition and housing deposits or the Orientation fee.

If you decide not to accept our offer of admission, it is important to let us know as soon as possible so that we can offer your seat to another deserving student. Please take a few minutes to log on to Stony Brook's SOLAR System and click on EOP/AIM Accept/Decline. You will then go to a screen where you can decline your admission.

3. SUBMIT YOUR NEW STUDENT PREFERENCES

Use our online form to select your preferences for Freshman Undergraduate Colleges (Living Learning Centers for Transfers), campus housing, meal plans and more. It is to your advantage to do so as soon as possible, and no later than May 1. Note: You will not be able to register for classes or receive your housing assignment until you have submitted your New Student Preferences.

All new EOP/AIM students are guaranteed housing provided your New Student Preferences are submitted online by May 1. To offer as many students as possible the experience of our residential learning environment, strategies that include assigning three students to a double room and other temporary housing will be utilized.

4. ATTEND ORIENTATION

All new EOP/AIM students are required to attend an Orientation. Freshman Orientation will be held on Tuesday, June 3, from 9 am to 4 pm. Transfer Orientation will be held on Thursday, June 19, from 8:30 am to 2 pm. You'll receive more information about this soon.

In addition, all new freshmen are required to attend the EOP/AIM Pre-Freshman Summer Program from Sunday, July 6, to Friday, August 8. You'll receive more information about this shortly.

ADMITTED STUDENT DAY

SATURDAY, APRIL 5, 2014

10 AM

You and your family
are cordially invited to attend

**Admitted Student Day
at Stony Brook University**

and the

EOP/AIM Admitted Student Reception

2 pm • Stony Brook Union

You and your family will:

- Meet with Stony Brook faculty, students and staff
- Learn more about our academic programs, student life and living on campus
- Take guided walking tours of our campus and residence halls
- Meet the EOP counseling staff, current students and new students
- Discover how the EOP/AIM Pre-Freshman Summer Program will prepare you for your freshman year

RSVP at [**stonybrook.edu/admissions/eop**](http://stonybrook.edu/admissions/eop)

THE EOP/AIM PROGRAM

The Educational Opportunity Program (EOP) at Stony Brook University was started in 1968 and given the local name Advancement on Individual Merit (AIM). Therefore, the Educational Opportunity Program at Stony Brook is referred to as the EOP/AIM Program.

EOP fulfills New York State's commitment to provide access to higher education for economically disadvantaged students who possess the potential to succeed in college, but whose academic preparation in high school has not fully prepared them to pursue a college education successfully. EOP's primary mission is to facilitate the recruitment, enrollment, retention and graduation of these students. This is accomplished by providing EOP/AIM students with an array of support services.

Students accepted to the University through EOP/AIM participate fully in all campus academic and social activities and are held to the same standards and regulations as all other University students.
